Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: No agreement has been reached. Applicant argues that the communication of the DRC with the image processing detection process is not clear in Turnern or Hanko. Examiner disagree with applicant since the adjusted DRC of Turner that includes the Rena-2 chip can be incorporate in Hanko camera. Examiner suggests applicant to be more defined by explaining the image detection process in the claim.
